

Da-Lite Screen Company offers a registered CSI continuing education credit course presented at your location when you need it.

Program Name: Projection Screens
Program Code: CSI-D0002
Length: 1 hour
Credits: 1 LU hour (Learning Unit)
HSW: No

Program Overview:

This course defines the fundamentals of correctly sizing and specifying a projection screen for educational, commercial and corporate applications. All aspects of front and rear projection screen technology including aspect ratio, gain, contrast and resolution are discussed.

Learning Objectives:

- 1.) Specify screen size and type.
- 2.) Determine the best screen surface for a specific application
- 3.) Recognize how room environment affects display.

Facilitator Qualifications: All Da-Lite Screen Company CEN facilitators have been trained on CEN guidelines and presentation skills. In addition, they receive continuous in-depth training in the field and are considered industry experts.

Reporting: All courses will be reported to the CSI for credit within 10 days of completion. Certificates will be provided to all attendees upon request.

Method of Delivery: The CEN facilitator utilizes a PowerPoint presentation to provide an in-depth overview for how to specify the appropriate projection screen for a given project. A question and answer session will be provided at the end of the presentation.

Audio/Visual required: Electrical power for the PowerPoint presentation. The CEN facilitator will supply the laptop, screen and projector.

Target Audience: This course is ideal for architects, specifiers, interior designers, owners and other design professionals. The ideal audience size can be 10-40 people. This program meets the needs of professionals at every experience level.

Cost to participants: There is no cost to bring this program into your firm or chapter meeting.
